### PROGRAMMING REMOTE FROM ORIGINAL MASTER REMOTE

Please note that you must be within 1-2 metres from the motor to program your new remotes

1. Position working original and new remotes head-to-head.
2. At the same time, press and hold buttons P1 and P2 on the original remote until the light flashes.
3. Press and hold a button on the original remote that operates the door and do not let go.
4. Press and hold the same button on the new remote until the light flashes and goes out.
5. Wait 10 seconds for the motor to exit programming mode.
6. Test your new remote.
